Pens

Cricut Explore® and Cricut Explore Air™

Use Cricut Explore® pens to write or draw with your machine. A wide variety of pen sets are available so you can add the perfect touch of color to any project. You’ll get beautiful results for invitations, banners, cards, gift tags, and more. Pens are acid free, non-toxic, and permanent after drying. To insert a pen into the machine, follow the steps below.

**Step 1:** Open accessory clamp A.

**Step 2:** Remove the cap from the pen.
Pens

Step 3: Hold the accessory clamp up while pushing the pen down into the housing until the arrow on the pen barrel disappears.

Step 4: Close the clamp.

Step 5: When writing is complete, open the clamp remove, and cap the pen.
Pens

Cricut Explore One™

Step 1. Remove the cap from the pen.

Step 2. Insert the pen into the accessory adapter until the arrow on the pen disappears.
Pens

**Step 3.** Open the clamp.

**Step 4.** Hold the clamp up while pushing pen and adapter down into housing until adapter snaps into place.

*Tip:* Holding the clamp up prevents the pen from marking your machine or, if you have already loaded the mat, the material on it.
Pens

**Step 5.** Close the clamp

**Step 6.** Once the machine has finished writing, open the clamp and pull the pen upward to remove both the pen and the adapter.
Pens

Step 7. Remove the pen from the adapter.

Tip: Store the accessory adapter in the storage compartments found in the door of the machine.

Step 8. Recap the pen to prevent it from drying out.
