Scoring stylus

Use the Cricut® Scoring Stylus with your Cricut® machine to score lines for easy folding on cards, boxes, 3D projects, and more. Cricut Explore® and Cricut Explore Air™ can house the scoring stylus and a cutting blade at the same time, so you can cut and score in one step. Purchase the Cricut Explore One™ accessory adapter and your Cricut Explore One™ machine can easily accommodate the scoring stylus as well.
Scoring stylus

Cricut Explore® and Cricut Explore Air™

Inserting the scoring stylus follows the same steps as inserting a pen. To insert the scoring stylus into the Cricut Explore® or Cricut Explore Air™ machines, follow the steps below.

**Step 1.** Open accessory clamp A.

![Accessory clamp A open](image)

**Step 2.** Hold the accessory clamp up while pushing the stylus down into the housing until the arrow on the stylus disappears.

Step 3. Close the clamp.

Step 4. When scoring is complete, open the clamp and remove the stylus.
Scoring stylus

Cricut Explore One™

To insert a scoring stylus into the Cricut Explore One™, follow the steps below.

*Tip: The Cricut Explore One™ accessory adapter is required to use the scoring stylus with the Cricut Explore One™ machine. The accessory adapter comes with a black fine point pen and is sold separately.*

**Step 1.** Insert the scoring stylus into the accessory adapter until the arrow on the stylus disappears.

**Step 2.** Open the clamp
Scoring stylus

Step 3. Hold the clamp up while pushing the scoring stylus and adapter down into the housing until it snaps into place.

Step 4. Close the clamp
Scoring stylus

**Step 5.** When scoring is complete, open the clamp and pull the scoring stylus upward to remove both the stylus and the adapter.

**Step 6.** Remove scoring stylus from the adapter.
